

Dear Employer:

Verde Valley Urgent Care can provide Occupational Medical Services for your organization. Enclosed you will find a list of services we offer, an Employer Profile Form and an Authorization for Treatment Form. A completed Employer Profile Form is required prior to sending any employee for treatment at our centers.

In addition, by staying informed on current OSHA, State and Federal regulations, we do not lose sight of employer's cost and efficiency considerations. We have developed a team of healthcare and other professional personnel who adhere to the highest quality of medical standards. We can provide you with consultation, program development, case management and specialized programs to assist in reducing your overall costs associated with work-related injuries and illnesses.

Our Centers can offer a business:

- Treatment of occupational injuries and illnesses.
- Cost-saving and effective medical care.
- A strong return to work philosophy with injured employee, alleviating lost time claims.
- In-house referral network for injuries and illnesses requiring specialty medical assessment.
- On-site screening or testing services.
- Physical exams tailored to meet your needs.
- Timely turn-around on drug-screen and medical reports and status.
- Medical Review Officer Services.
- Knowledge of current DOT OSHA, Federal and local regulations and standards.
- Medical centers located throughout Arizona.

We have a variety of on-site screenings available through contracted service. Some of our available services include:

Center Services:

- Pre-employment Examinations
- Department of Transportation Examinations
